Female Voice: It's rectangular. It's plastic. It's something everyone has...

[Upbeat music playing]

Female Voice: It's the newest way to make payments in MY CU Services' electronic bill payment system!

Female Voice: CardPay is now available for credit unions so members can make card-funded payments! Instead of using their credit union account information, they can pay using their debit or credit cards.

Female Voice: Did you know that a majority people prefer to use cards for most payments? That's why CardPay is so great!

Female Voice: Plus it's easy and intuitive to use. Your members can just add their cards to the system and use them to pay billers that accept card-funded payments.

Female Voice: They'll even receive automatic confirmation when payments are submitted. And since card payments are so much quicker, accounts are generally credited within 24 hours.

What's in it for your credit union? We're glad you asked!

Female Voice: Increase your bill payment transactions.

Female Voice: Flexibility to set up the system so only cards issued by your credit union can be utilized, or allow cards from any institution.

Female Voice: Appeal to your members with a convenient and near real-time payment option.

Female Voice: Expand your bill payment service.

Female Voice: Get CardPay and let your members make payments the preferred, faster, card-funded way!
