

[Music playing]

Male narrator: Introducing mobile pay from MYCU services.

Male narrator: Mobile pay is a mobile banking application that gives your members access to their financial accounts and details all from the convenience of their mobile device.

Male narrator: Not only can you members access their accounts at your credit union, they can actually add other financial institution accounts too.

Male narrator: Make your credit union's app the hub of all your member's financial details. Contact the sales team today to start offering mobile pay.
