Vizo Financial and MY CU Services Launch New Third-Party Wires Service

Greensboro, N.C. (August 7, 2024) – Vizo Financial and its payments CUSO, MY CU Services, launched a new Third-Party Wires service this week, to offer credit unions the ability to process wire transfers through their Federal Reserve account using an online EFT platform.

“We’re excited to launch this service and offer it to all credit unions, even those who aren’t members of Vizo Financial,” said Rodney May, Vizo Financial’s SVP/chief engagement officer. “We’re confident that this wires solution will be beneficial to credit unions because it allows them to utilize an online application to submit their wire transfers through their Federal Reserve account, which is more convenient and less time-consuming for the credit union.”

This new service works by allowing credit unions to sign in to MY CU Services’ online EFT platform to initiate a wire transfer by entering in key information, including the credit union’s routing and transit (R&T) number. This will allow the funds to be debited from the credit union’s account with the Federal Reserve.

“Our goal is and always has been to be a partner to credit unions and help them be successful,” said May, “and we believe this new service will help us continue to do just that.”

For more information about the Third-Party Wires service, credit unions can visit the [Vizo Financial](#) or [MY CU Services](#) websites, or reach out to the Corporate at (800) 622-7494.
